

BE A SANTA'S HELPER - MAKE A DIFFERENCE!

Operation Santa is our way of helping people with developmental disabilities have a great Christmas.

This year we are focusing on our adult population ages 18 and up. If you/your company are interested in helping to provide items for an adult with developmental disabilities or making a monetary donation to this campaign, please complete & return the form below. As we receive the requests, we will notify and distribute them to those volunteering as a Santa's Helper.

~The Arc will be accepting the "wish lists" through December 1, 2015~

The Arc of Gaston County works to ensure all people with developmental disabilities have the chance to experience social, educational, health & wellness, and enriching opportunities in our community.
