## *Why should you come to Kamp?*

- "This was our son's first camp experience, and it could not have been better. What wonderful activities along with competent, loving counselors. Thank you so much for a memorable, safe, and educational summer. We love you all."
- "This was the best camp experience my child has had! Plenty of experienced counselors- it was great! Thank you so much!!!"
- "Every evening at bedtime, our daughter would ask me if she had camp tomorrow. When I told her yes, she would squeal in delight. She got mad on the weekends when there was no camp. Thank you so much for providing her with an environment that is loving and safe in which she can build lasting friendships and grow as an involved citizen. We are so grateful for Kamp Kaleidoscope!!!"

**The purpose of Kamp Kaleidoscope is to offer children and adults with developmental disabilities the opportunity to strengthen their social skills and community involvement while delivering the structure and safety they demand- not to mention the FUN that summer camp brings to each participant.**
